

EOS WORLDWIDE

Scaling Businesses From Founder-Dependent To System-Dependent

Topic Overview

EOS® helps entrepreneurial companies strengthen vision, accountability, alignment, and execution. Over the past decade, Ian Tonks has facilitated nearly 1,000 leadership team sessions, helping organizations become healthier, more scalable, and less dependent on any single individual.

This conversation explores the common challenges entrepreneurial companies face, why growth often creates complexity, and how strong systems and leadership teams create sustainable success.

Suggested Questions
